**Mr. Man, What Do You Know About Rugs?**

There are rugs and rugs! Some look very well at first, but a year or so of wear shows them up. Others keep their freshness and beauty for many years. For example,

WHITTALL Rugs Will Wear a Lifetime,

and look well so long as they last! The wools for Whittall Rugs come from the "fat tailed" sheep of Asia Minor; the dyes are absolutely fast color; the weaves are firm and close. You can feel with your hand the fine qualities of a Whittall Rug!

WHITTALL Rugs Are Always Artistic

Experts in design and coloring create the patterns or adapt them from costly orientals. The Whittall design you select to-day will not tire to-morrow.

Whittall's are justly famed. A rug for every purpose. No other line is so varied.

Consult our Rug Department for special sizes—it will surprise you how we can provide a rug for a room you thought was about hopeless. We are at your service. Come in or call on us any time.
